Communiqué

7 September 2021

Mr Eric Walsh 1928 – 2021

Farewell to Mr Eric Walsh who died on Tuesday 31st August at 93.

Eric Walsh was the Registrar of the Pharmaceutical Council of Western Australia, the predecessor to the Pharmacy Registration Board of W.A., from 1972 to 1990. Even after his retirement he advised the Council during numerous Act and other legislative reviews as his knowledge and “corporate memory” was outstanding.

Eric Walsh was an articulate advocate and great friend of our profession. He was always happy to advise young professionals starting in our industry and help mature pharmacists who needed his expertise.

He was a real gentleman and will be sadly missed by those who knew him.

COVID-19 Vaccines – Storage in Vaccine Fridge in Consult Room

After consultation with the WA Department of Health regarding storage of S4 medications in a consultation room, the PRBWA has issued a joint statement regarding the preparation and storage of the multi-dose vial COVID-19 vials.

Both space considerations and work-flow associated with use of multi-dose vials mean pharmacies may wish to store COVID-19 vaccines outside the dispensary area. For many pharmacies, both preparation and administration (at separate times) will occur within their consultation room.

It is acceptable for pharmacies to store COVID-19 vaccines (and only COVID-19 vaccines) outside the dispensary provided the following conditions are met:

- Storage is within the area of the pharmacy where the vaccines will be prepared, such as a consultation room.
- There are handwashing facilities available in a location that allows standard aseptic technique to be maintained.
- A dedicated lockable vaccine refrigerator is used for storage.
- The pharmacy has procedures to ensure the temperature within the refrigerator is monitored and maintained within the required limits, in accordance with the [national guidelines](#).
- The refrigerator is opaque (including the door) or the vaccines are stored such that their identity is not visible to those using the area for activities other than vaccine preparation and administration (such as when the consultation room is being used for patient counselling).
- Information about the area to be used for COVID-19 vaccine storage, including a plan (which can be hand-drawn), is submitted to the Pharmacy Registration Board of WA.

For full details, go to [Storage of COVID-19 vaccines in Pharmacies](#).

E-Cigarettes, with Nicotine, to be Sold in Pharmacies

From 1 October 2021, all nicotine vaping products, such as nicotine e-cigarettes, nicotine pods and liquid nicotine, will be Schedule 4 medicines. Patients will require a prescription for all purchases of nicotine vaping products. This includes products purchased both in Australia and from overseas.

There are currently no nicotine vaping products approved by the Therapeutic Goods Administration (TGA) registered in the Australian Register of Therapeutic Goods (ARTG).

The TGA has introduced a new [standard for unapproved and export only nicotine vaping products](#), known as the Therapeutic Goods (Standard for Nicotine Vaping Products (TGO 110) Order 2021 (TGO 110), that comes into effect on 1 October 2021.

Please read the information for Pharmacists on <https://www.tga.gov.au/nicotine-vaping-products-information-pharmacists> if you receive a valid prescription for these items.

Updated Guidelines for Plans of Registered Premises Document and Changes to Operational Procedures Requirements

There have been a number of pharmacies undertaking significant alterations to their premises. The Board considers the introduction of one or multiple consultation rooms to be of benefit to the health of the WA public. With this in mind, the PRBWA has reviewed its processes for providing plans for registration of new pharmacies and undertaking significant alterations for premises to make it simpler for the applicant to complete.

Please click on the links – [Guidelines for Plans of Registered Premises](#) and [Operational Procedures Requirements](#) – to familiarise yourself with the new guidelines.

Changes to Register

All changes shown below are from 2 August 2020 to 7 September 2021

Pharmacy Name Changes:	
Former	New
Madeley Health Pharmacy	Madeley Guardian Pharmacy
Optimal CoPharmacy	Optimal Medication Solutions
Sanderson Road Pharmacy	Pharmacy 777 Lesmurdie
Alexander Heights Pharmacy	TerryWhite Chemmart Alexander Heights
