Communiqué

19 December 2024

Felicitations from the Pharmacy Registration Board of Western Australia. As 2024 comes to a close, the members of the Board send greetings for the festive season to all the Pharmacy Proprietors.

We look forward to assisting you in 2025 with your business approvals and alterations.

Vaccine Storage in approved refrigerators in Consultation Rooms

After discussion with the WA Department of Health, vaccine refrigerators in consultation rooms can now be used to store non-COVID-19 vaccines. This will allow pharmacies with refrigerators in consultation rooms, where there is no direct access to the public, except when accompanied by a pharmacist for a professional service, the ability to also store influenza vaccines and NIP vaccines. It is a requirement that these refrigerators be kept locked and the door to be made opaque. The guidelines for these refrigerators will be updated in due course on the Board website.

Guidelines for Vaccination Rooms

The Board is in the process of providing guidelines for Vaccination Rooms. These are being sent out to various stakeholders for comment. With the increased scope of practice for pharmacists and the introduction of NIP vaccines, the Board is of the opinion a screened off area in a pharmacy will not meet the needs of the public in the future. The new guidelines will have a time frame to be implemented.

False Declarations on Annual Renewal Applications

During various inspections over the past year, it has come to the attention of the Board that responsible pharmacists have not been checking to see if they have the latest editions of the references prescribed in the Pharmacy Act 2010 (Act), prior to signing their Renewal. In some cases, the references are years out of date, which means some applicants have been providing false and misleading information on their yearly Renewals.

The Board has determined that if a pharmacist with overall responsibility was found to have been providing false or misleading information in relation to renewal of premises application, a fine will be imposed as per Section 64 of the Act. Purchasing the correct references or updating your yearly subscription will probably be cheaper than a fine of up to \$24,000.

CHANGES TO THE REGISTER

The Board provides the following recent changes to its Register and advises the complete [Public Register](#) is available on its website.

Giovanna (Gia) Cecchele
Presiding Member

REGISTER OF REGISTERED PREMISES
Changes from 2 October 2023 to 19 December 2024
