Communiqué

5 October 2023

During the past few meetings, the Board has noticed several similar problems in various pharmacies during the inspection process.

We have also been having a number of meetings with various stakeholders which have identified situations that could impact on the legalities of ownership, as specified by the *Pharmacy Act 2010 (WA)* (Act).

Refrigerators

Refrigerators which contain S4 medications must be located within the dispensary as required by the *Medicines and Poisons Act 2014 (WA)*. The only refrigerator that does not need to be in the dispensary is a Covid-19 vaccine specific refrigerator. Please refer to the following Memorandum, for further information regarding this. [Storage of COVID-19 vaccines in pharmacies.](#)

Due to the increased number of biologics and vaccines a pharmacy is now holding, a few owners have purchased new or bigger refrigerators. The inspection process has identified that some owners have located these in storerooms and not in the dispensary, as required.

If you are thinking of updating your refrigerators, be mindful you need to notify the Board of the change in your dispensary floorplan, if your new piece of equipment is in a different location to what is specified in the plans held by the Board.

If you are unsure what you are planning will be a problem, it is better to check with Sue Errington-Wood or Julie Turich at the Board before you start.

Due to the possible increase of NIP vaccines being allowed to be administered by pharmacists, the Board is having discussions with the HDWA regarding allowing these to be stored in the Covid-19 vaccine refrigerators, in consult rooms, for cold chain benefit. We will advise you of the outcome of these discussions when resolved.

Conditions imposed by AHPRA on your Pharmacist Registration

All pharmacy owners (directly or indirectly, via a *proprietary interest*) must be registered with AHPRA. If there is any condition that has been imposed by AHPRA on your registration the Board must be notified immediately as this could have serious consequences for your pharmacy business. The Act is very prescriptive on ownership requirements.

Discussion with family member regarding pharmacy ownership requirements

Family members, who are not pharmacists, may not have a complete understanding of the legalities of pharmacy ownership.

In the event of death or mental incapacity the executor(s) of a pharmacy owner's estate or the person(s) who has the power of attorney must notify the Board as soon as possible.

The Board officers will greatly assist in navigating the legislative requirements of the pharmacy business for your family and beneficiaries.

No Board Meeting in January 2024

The Board will not be meeting to discuss any applications in January 2024. If your premises application is time sensitive, please ensure your paperwork is at our offices in time to be considered at the December 2023 meeting.

CHANGES TO THE REGISTER

The Board provides the following recent changes to its Register and advises the complete [Public Register](#) is available on its website.

Giovanna (Gia) Cecchele

Presiding Member

REGISTER OF REGISTERED PREMISES
Changes from 25 January 2023 to 1 October 2023
